

TALGARTH MARKET REPORT

SPRING LAMBS AND CULL

EWES

FRIDAY 7th SEPTEMBER 2018

1530 Sheep Viz:

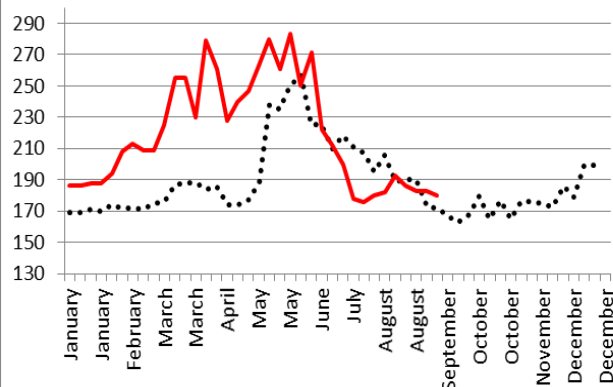

552 Spring Lambs, 144 Cull Ewes, 800 Breeding Ewes, 23 Ewe Lambs & 11 Breeding Rams

A terrific day overall and great to see the market full of vibrancy. Whilst the morning started steady in terms of numbers this was helped by a much sharper trade than many anticipated. An SQQ of 180p/kg was achieved topping at 189p/kg for a pen of 42kg lambs from Mr A.F Morris, Rosedale. The meat and quality forward today certainly helped the trade and buyers were able to go that bit further as a consequence. Lambs topped at £92/hd for a pen of 52kg lambs from Mr J Evans, Ffostyll. All weights slightly sharper today than in the days previous. September has historically been a steady old month in terms of trade and currently we are just in front of last year's trade but only marginally. Long term there is certainly a general optimism for the months ahead.

800 Breeding Ewes / 23 Breeding Lambs / 11 Breeding Rams

What a fantastic entry of ewes which was a credit to all vendors forward. Purchasers travelled far and wide and there was a terrific crowd of people in attendance. It was great to see the sale ring full to the rafters. The sale got off to a great start with the dispersal of Elwyns stock rams which saw two year olds fly to £750 Guinee's. His rams received great interest with even the older three and for year olds making 520 and 420 Guinee's! It just shows quality sells wherever you are! The breeding ewes were also an excellent trade with some terrific runs of ewes forward. The first run of Welsh yearlings from Miss B Howson saw great interest with the first pen soaring to £126/hd with the rest selling between £90 and £115/hd clearly illustrating the trade we had. The dispersal from D.E Davies attracted wonderful interest and the ewes forward were a terrific show of quality and strength, a real credit to Elwyn and his family. This resulted in fierce competition for a lovely run of ewes which saw 2yr old ewes soaring to £165/hd and 4yr old ewes to £145/hd. It was clear to see that purchasers wanted plenty of strength and quality. Smaller ewes were much more of a selective trade. Further entries from Messr R O Thomas & Son, Cwmcadarn saw mule x yearlings to £120/hd and some Texel yearlings from J Price, Llachdolt to £116/hd.

144 Cull Ewes

A steady entry of cull ewes but the general consensus was that the trade was sharper, which does appear to be reflected in the prices achieved. Best continental ewes to £124/hd and from PL Watkins, Caenantmelyn. Those nice meated framed ewes £80 to £100. Welsh ewes, particularly the better end £45 to £55. Overall certainly a trade sharper than recorded earlier in the week.
